

REIMBURSEMENT AGREEMENT

LIBBY ASBESTOS SITE

Lincoln County, Montana

THIS AGREEMENT, is made and entered into this 9 day of April, 2002, by and between Trudy and Raymond Siefke ("Owner") and the United States Environmental Protection Agency ("EPA").

WHEREAS, the response action at the Libby Asbestos Site (the "Site"), Lincoln County, Montana by EPA is authorized by Section 104 of the Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA"), 42 U.S.C. § 9601 et seq., and the National Oil and Hazardous Substances Pollution Contingency Plan ("NCP"), 40 C.F.R. Part 300; and

WHEREAS, the Owner is the owner of the land and improvements known as 3496 Highway 2 South, Libby, MT 59923 (the "Property") located within the site; and

WHEREAS, the Owner maintains a residence on the Property and has several small buildings as well as items of personal property located on the Property; and

WHEREAS, on August 18, 2001, the Amendment to the Action Memorandum issued by EPA on May 23, 2000 documented EPA's determination that cleanup was necessary at the Property because of asbestos contamination; and

WHEREAS, the selected response action implemented at the Property resulted in the demolition of certain small buildings and the disposal of contaminated personal items which were either not amenable to cleaning or were more expensive to clean than replace; and

WHEREAS, the owner certifies that the personal property was acquired with no knowledge of the asbestos contamination; and

WHEREAS, the owner granted access to the Property to EPA, its employees, agents, contractors and representatives for purposes of implementing the selected response action for the Property including the demolition and disposal of contaminated buildings, equipment and inventory; and

NOW, THEREFORE, in consideration of the mutual promises, obligations, and agreements set forth below, the parties agree as follows:

I. Obligations of EPA.

A. EPA shall pay to the Owner the sum of ONE HUNDRED SEVEN THOUSAND THREE HUNDRED SIXTY SIX AND 66/100 DOLLARS (\$107,366.66) within (30) days of execution of this Agreement, which sum represents compensation for small buildings demolished on the Property and the replacement value of all personal items disposed of pursuant to implementation of the selected response action. The list of demolished small buildings and all items for which compensation is being provided pursuant to this paragraph is attached as Exhibit 1 to this Agreement.

B. EPA shall pay to the Owner the sum of ONE THOUSAND TWO HUNDRED FIFTY DOLLARS (\$1,250.00) within (30) days of execution of this Agreement for personal items that were lost or damaged when the asbestos contamination removal was performed on the Property. In addition, the Government will supply a contractor to make certain repairs to Owner's residence. A letter in which the lost or damaged personal items are referred to and the repairs are listed is attached as Exhibit 2 to this Agreement.

C. EPA shall pay to the Owner the sum of ONE THOUSAND SEVEN HUNDRED THIRTY SEVEN AND 50/100 DOLLARS (\$1,737.50) within (30) days of execution of this Agreement as additional expenses incurred in order to vacate the property while asbestos contamination removal activities took place. A letter in which these additional expenses are listed is attached as Exhibit 3 to this Agreement.

D. EPA agrees to inspect the paint on the trim of Owner's residence in the spring and throughout the summer of the year 2002 and to provide a contractor to re-paint the trim if the paint cracks or peels. A letter in which the damage and the agreement to inspect and re-paint if necessary is described is attached as Exhibit 4 to this Agreement.

E. EPA agrees to replace the second story loft, workbenches and insulation in Owner's Steel shed and to supply a contractor to do the building and installation. A letter and an addendum in which the replacement is described is attached as Exhibit 5 to this agreement.

II. Obligations of the Owner.

A. The Owner has and will continue to provide to EPA, its employees, agents, contractors, and representatives the right to enter upon the Property for purposes of implementing the selected response action at the Property. The Owner further consents to the demolition of buildings, and disposal of contaminated personal items covered by this Agreement.

B. The Owner agrees that compensation will not be sought in any forum for personal items, buildings, expenses to vacate or other costs where such compensation has already been provided for pursuant to this Agreement.

III. Release of Claims.

The Owner hereby agrees that payment by EPA of the monetary amounts set forth herein in Paragraphs I.A, I.B, and I.C, the agreement to make certain repairs in Paragraph I.B, the agreement to inspect and re-paint if necessary in Paragraph I.D and the agreement to replace and supply a contractor in Paragraph I.E represents full settlement and just compensation, under all applicable laws and regulations, of any and all claims the Owner may have against EPA for actual replacement and as compensation for the replacement value of all buildings and personal items disposed of pursuant to implementation of the selected response action. The list of all buildings, structures, infrastructure and all other items for which compensation and replacement is being provided pursuant to this paragraph is attached as Exhibits 1,2,3,4, and 5 to this Agreement (Exhibit 5 has an addendum attached). The Owner expressly reserves all rights against W.R. Grace & Company and any other legal entity, and this release is not intended to release any other rights or causes of action against any and all legal entities other than the EPA.

IV. Reservation of Rights.

Nothing in this Agreement shall preclude the Owner from pursuing any legal remedy that the Owner may otherwise have against any other entity to recover damages and seek compensation not covered by or included in this Agreement. Nothing in this Agreement shall preclude EPA from pursuing any legal remedy that it may otherwise have against any potentially responsible party in order to recover costs EPA incurs for response actions at the Site.

V. Notices.

A. Any notice or communication required or permitted under this Agreement shall be deemed to have been given if in writing and either delivered personally or mailed by first-class,

If to the Owner:

B. A party may change the address to which such communications are to be directed by giving written notice to the other party in the manner prescribed above.

VI. Modifications.

This Agreement may be amended, modified or terminated only by written instrument or written instruments signed by both parties hereto. No oral comment nor act or course of dealing shall be construed to constitute an amendment, modification or termination hereof.

VII. Parties Bound.

This Agreement is binding upon EPA and any successor agency of the U.S. Government, and upon the Owner and the Owner's heirs, successors and assigns.

VIII. Obligations of Future Appropriations.

Nothing in this Agreement shall constitute, nor be deemed to constitute, an obligation of future appropriations by the Congress of the United States of America.

Subject: Reimbursement for Damaged Items

Dear Mr. & Mrs. Siefke,

Last year the Government and its contractors performed an asbestos contamination removal on your property. Some of your personal items were damaged or lost. You have provided the Volpe Center and the United States Environmental Protection Agency (EPA) with a detailed list of damaged/missing items. The Volpe Center and EPA have reviewed and discussed the items described in your list. The EPA has agreed to reimburse you \$1250.00 for the missing/damaged items. The EPA has agreed that these costs are indeed actual and accurate. The EPA will include this amount in the property and inventory settlement agreement.

In addition to the settlement amount, the Government will supply a contractor to refinish the damaged wood ceiling and three window sills in your Living and Dining Rooms and install baseboards in the front of the living room and the center bedroom where the wall board was chipped during the carpet removal. The contractor will also sand and refinish the door casings that were damaged.

Subject: Additional Relocation Costs

Dear Mr. & Mrs. Siefke,

The Volpe Center provided a Purchase Order (PO) for the reimbursement of actual expenses incurred in order to vacate your property while remedial activities took place. The expenses included the temporary rental of a home and the temporary boarding of your horses. The Volpe Center provided this PO for the months of September and October.

You informed the Government that you incurred additional expenses not included in the PO that the Volpe Center provided. The following describes the additional costs incurred:

- Boarding of the Horses for 2 days in July - \$37.50
- Boarding of the Horses for the month of August - \$450.00
- Rent for displacement for the month of November - \$800.00
- Boarding of the Horses for the month of November - \$450.00

The total of these costs is \$1737.50. The United States Environmental Protection Agency (EPA) has agreed that these costs are indeed actual and accurate. The EPA will include this amount in the property and inventory settlement agreement.

If you need additional information or have any questions, please contact me at 617-494-3940.

Subject: Refinish of the trim on the exterior of house

Dear Mr. & Mrs. Siefke,

Last year the Government and its contractors performed an asbestos contamination removal on your property. Damage occurred to the exterior trim of your home. The damage was a result of the duct taping of poly sheeting around your home to minimize additional exposure to contamination to the exterior of the home during the removal.

You notified KES, a contractor of the Government, of the damage. They in turn refinished the trim. Since then, you have express concern to the Government of KES' application of the paint. You have stated that a painter informed you that paint should be applied when the temperature is above 54 degrees. It was in the low 40's on the day KES painted the exterior trim.

The Government will inspect the paint this spring when the weather is warm. It will inspect the trim throughout the summer. If the paint cracks or peels, the Government will provide a contractor to re-paint the trim in the proper conditions.

If you need additional information or have any questions, please contact me at 617-494-3940.

Subject: Steel Shed Loft, Work Bench and Insulation Replacement

Dear Mr. & Mrs. Siefke,

This letter is to document that the Government is responsible for the replacement of the second story loft, workbenches and insulation in your Steel Shed. The Government will supply a contractor to build and install the second story loft and workbenches in the Steel Shed. The Government will also supply a contractor to replace the insulation removed by the Government.

The second story loft, with staircase, will be equal size to the one removed, 36' by 24'. The contractor will replace the loft meeting all building codes. The workbench design will be delivered to you for approval. Upon approval, the contractor will build and install the benches. The insulation will be 1.5-inch insulation to replace the 1.5-inch insulation removed.

If you need additional information or have any questions, please contact me at 617-494-3940.
